HAM RADIO CLASS

Preparation and Test for FCC Amateur Radio Technician License

May 20, 2017 (0800-1600) –
May 21, 2017 (0800-1200)

FCC License Testing May 21 (12-3)

No Charge for the class

There may be up to a $15 FCC License Testing Fee*

Come with an open mind, pen and paper. We discourage the use of iPhones, etc. in the class except for emergencies. Please put on vibrate.
A simple calculator and a windows PC are useful.

Class is held at the Cumberland County 911

1101 Claremont Road Carlisle, PA 17013

Contact : Ralph Brandt K3HQI 717-885-3063 or ralph.brandt@comcast.net Pre-registration helps planning but payment is at the time of testing on Sunday. Please give a phone number where you can be reached in case bad weather. Upon passing the test an FCC license is usually issued within a week. You will need a government issued photo ID for the testing. If you do not have one contact Ralph for alternatives. *The license fee is determined by the testing team that is independent of the instructor.

Ham Radio is Amateur Radio, FCC Part 97. It is a licensed service. The class is targeted to prepare the student to pass the Technician Class License test which is restricted to frequencies above 28 Mhz. There are many hand held and mobile transceivers available for use in these bands for as low as $35 for Handheld and $100 for Mobiles. There are many repeaters in the area that extend the range of these radios. A ham license is a good tool for a family in times of disaster when land lines and cell phones often are not useable.
